ABOUT SECURE ENERGY SERVICES INC.

Secure is a TSX publicly traded energy services company that provides safe and environmentally responsible fluids and solids solutions to the oil and gas industry.

The Corporation operates three divisions:

Processing, Recovery and Disposal Division ("PRD"): Operating under the name Secure Energy Services Inc., the PRD division owns and operates midstream infrastructure that provides processing, storing, shipping and marketing of crude oil, oilfield waste disposal and recycling. Specifically these services are clean oil terminalling, custom treating of crude oil, crude oil marketing, produced and waste water disposal, oilfield waste processing, landfill disposal, and oil purchase/resale service. Secure currently operates a network of facilities throughout western Canada and in North Dakota, providing these services at its full service terminals, landfills and stand-alone water disposal facilities.

Drilling Services Division ("DS"): Operating under the name Marquis Alliance Energy Group Inc. (together with its wholly owned subsidiaries "Marquis Alliance"), the trade name XL Fluid Systems, and the name Target Rentals Ltd, the DS division provides equipment and chemicals for building, maintaining, processing and recycling of drilling and completion fluids. The drilling fluids service line comprises the majority of the revenue for the division which includes the design and implementation of drilling fluid systems for producers drilling for oil, bitumen and natural gas. The DS division focuses on providing products and systems that are designed for more complex wells, such as medium to deep wells, horizontal wells and horizontal wells drilled into the oil sands.

On Site Division ("OS"): The OnSite Services division was established April 1, 2013 as a result of the Frontline Integrated Services Ltd. ("Frontline") acquisition. Operating under the name of Frontline, the operations of the OS division include environmental services which provide pre-drilling assessment planning, drilling waste management, remediation and reclamation of former wellsites, facilities, commercial, and industrial properties, and laboratory services; integrated water solutions which include water management, recycling, pumping and storage solutions; "CleanSite" waste container services; pipeline integrity (inspection, excavation, repair, replacement and rehabilitation); demolition and decommissioning. These services are offered throughout the WCSB.
